Mackenzie Valley
Review Board

# Senior Technical Advisor

The Mackenzie Valley Environmental Impact Review Board (Review Board) has an immediate opening for a Senior Technical Advisor in Yellowknife, Northwest Territories. They will be a senior advisor to the Board and the Environmental Assessment team on scientific and technical issues arising from the environmental impact assessment process (EIA).

**Key responsibilities include:**

• facilitation of **technical review in the EIA**
• **managing the contracting and use of external expertise** to complete technical reviews
• **analyzing, interpreting and advising on technical matters** arising in the EIA
• developing and implementing internal processes and procedures for conducting technical reviews
• participating in the development of policies and guidelines with a scientific/ technical focus
• participating in external technical/scientific initiatives

**Requirements:**

The candidate will preferably hold a Master's degree in an environmental science or engineering with five to ten years of related experience. The candidate will have:

• knowledge and experience **working directly in EIA**
• the ability to **apply quantitative and qualitative analysis and effectively present information** to the Board, senior management, and the public, including Indigenous groups
• **knowledge of northern environmental scientific and technical issues**
• excellent written and verbal communication skills, including **plain language skills**
• knowledge of, and ability to, interpret and apply all relevant environmental impact assessment legislation, agreements and Board policies
• the ability to manage short and long term projects with stringent deadlines
• demonstrated team leadership, supervisory and human resource management skills, and
• a relevant professional designation is an asset

Salary will be based on experience and qualifications. A benefits package is included.

**Application deadline: 4:00 pm Mountain Standard Time, Friday, June 17th 2016.**
