Notice of Proceeding

Closure and Reclamation – Imperial’s Norman Wells Facilities

Re: POSTPONED - workshop on future land use, vision setting and closure goals.

The Review Board’s future land use, vision setting, and closure goals workshop proposed for **October 6 and 7, 2026, in Norman Wells** is postponed due to unavailability of parties.

The purpose of this workshop is to hear parties’ views on future land use for the area. This is important information for the developer to consider for closure planning, and for the Review Board when it evaluates the developer’s closure proposal. Finding a date that allows parties to share their views, and to hear the views of other parties, is a critical step in the environmental assessment. The Review Board will work towards setting a new date for the workshop.

The Board will issue a Notice of Proceeding providing details on next steps soon.
