Subject: RE: Meeting Request Re: Drybones/Wool Bay EA Processes

Eric and Marie,

To ensure a smooth transition as these files are transferred, who should receive correspondence the remainder of this week? Should I cc you Eric to provide continuity?

Thanks.

Sherry

Subject: Fwd: Meeting Request Re: Drybones/Wool Bay EA Processes

Sherry Sian:

INAC would like to suggest an extension for comments on the TOR and Workplan for the above projects until after the meeting being scheduled for July 3, 2003 at 9:30 MVEIRB.

Comment time has been very limited and we would like clarification on the intent and process related to the cumulative effects related "interview" in which the developer will be asked to participate. Clarification would be appreciated prior to finalizing any comments on the TOR or Workplan (only related to CE at this time).

Also, as Marie Adams has noted, E&C is undergoing a number of staff changes. Project leads for these projects starting the first week of July are respectively, Lionel Marcinkoski, Miki Promislov and Fraser Fairman. Lionel, Miki and I plan on attending the meeting. We will provide contact information when we meet in July.

Thank you for your consideration.

As each of you will have noted in the draft Terms of Reference and Workplan for Environmental Assessments of proposed developments in the Drybones/Wool Bay area, the Review Board has proposed to streamline some aspects of these EA processes. You are invited to a meeting to discuss the EA Processes and CEA being commissioned by the Review Board for proposed developments in Drybones/Wool Bay.

Location: Scotia Centre, 2nd Floor Board Room of the MVEIRB

Date: Thursday, July 3, 2003

Time: 9:30 am

Please confirm whether you or an alternate will be attending by June 27, 2003.

Thank you.

Sherry
