RE: Information Request: timing of request for environmental assessment of closure activities – EA2425-02 (Norman Wells Operations)

Dear Mr. Fraser,

The Mackenzie Valley Environmental Impact Review Board (Review Board) understands that Imperial Oil Resources NWT Limited (Imperial) intends to request that the Review Board order an environmental assessment of its closure activities for the Norman Wells Operations. in the first quarter of 2025.¹ The Review Board needs to understand Imperial's timeline for issuing this request so that we can begin planning scoping activities associated with the ongoing assessment of the Norman Wells Operation (EA2425-02).

The Review Board is therefore issuing the following information request to Imperial.

When will Imperial ask the Review Board to order an environmental assessment of its closure activities for the for the Norman Wells Operations?

Please respond in writing by **March 14, 2025** to Mark Cliffe-Phillips, Executive Director at mcliffephillips@reviewboard.ca

Respectfully,
