EA2425-01

November 5, 2026

Note to File

To Parties:

Closure and Reclamation of the Norman Wells Facilities, Imperial Oil NWT Ltd.

The Mackenzie Valley Environmental Impact Review Board (Review Board) hosted a meeting with parties to the closure EA and Imperial Oil Resources N.W.T Limited (Imperial) on November 2, 2026.

The intent of this meeting was to help inform parties' comments on the draft *Process to develop a Closure EA Framework* (parties can comment using the Online Review System). At the meeting Review Board staff provided an overview presentation (See presentation slides at PR96) and then hosted a question and answer period with participants.

Participants from the following organizations were present:

- Review Board
- Imperial
- Délı̨nę Got'ı̨nę Government
- K'ásho Got'ı̨nę Committee
- Government of Canada
- Tłegǫ̀hłı̨ Got'ı̨nę Government
- KBL Environmental Ltd.
- Canada Energy Regulator
- Land and Water Boards
- Gwich'in Tribal Council
- Sahtú Renewable Resources Board
- Government of the Northwest Territores

Participants asked questions to clarify:

- the intent of the Framework
- the timing and order of the steps to develop the Framework
- whether the Framework would duplicate other EA processes or engagement that Imperial will undertake
- how the Review Board would address differences between what is in the Framework and what Imperial proposes in its closure plan
- how the Framework will fit within the broader EA process.

If you have any questions please contact: Melissa Pink, Senior Environmental Assessment Advisor at mpink@reviewboard.ca, 867-766-7052.
