Notice of Proceeding

Closure and Reclamation – Imperial's Norman Wells Facilities

RE: Revised deadlines for information request responses

On June 9, 2026, the Mackenzie Valley Environmental Impact Review Board issued information requests (IRs), on roles, responsibilities, land tenure, jurisdiction, and governance arrangements, on its [online review system](#). On August 4, 2026 the Sahtu Secretariat Incorporated (SSI) asked for an extension to respond to those IRs ([PR84](#)), so it has more time to engage with key interest-holders.

To allow for this engagement, the IR response deadline for all other parties besides Imperial will be extended to Wednesday August 19, 2026. Imperial's IR response deadline will be extended to Monday August 31, 2026.

For any questions, please contact Malorey Nirlungayuk, Environmental Assessment Advisor, at mnirlungayuk@reviewboard.ca, 867-766-7058.
