Re: Mackenzie Valley Highway – updated workplan will be released after the DAR addendum and Information Request responses

In the past few weeks, parties have asked Mackenzie Valley Environmental Impact Review Board (Review Board) staff for more details regarding timelines, the draft workplan, and the public hearings. The Review Board understands that parties need this information for internal planning and future participation in the environmental assessment.

The Review Board will provide an update following receipt and review of the DAR addendum and remaining information request responses. The Review Board needs this information to determine if the information is adequate to enter the public hearing phase.¹ A notice of proceeding with the Review Board's decision will be released around April 21st.

For questions or more information, please contact Senior Environmental Assessment Advisor Catherine Fairbairn at (867) 766-7054 or cfairbairn@reviewboard.ca.
