Dear Mark Cliffe-Phillips,

Re: Cameron Hills – Notice of Preliminary Screening Determination – 60 Day Renewal Application for Water Licence – Industrial – Cameron Hills, NT

The Mackenzie Valley Land and Water Board (Board) met on December 4, 2025, and considered the 60 Day Renewal Application Package from Strategic Oil & Gas Ltd. c/o Alvarez & Marsal Canada Inc. (Strategic) for Water Licence (Licence) MV2010L1-0001 for the Cameron Hills Project (Project) in accordance with the *Mackenzie Valley Resource Management Act* (MVRMA).¹

The Project has previously been the subject of three Environmental Assessments (EA) completed by the Review Board:

- EA00-004 – Cameron Hills Exploratory Drilling Project, 2000²
- EA01-005 – Cameron Hills Gathering System, 2001³
- EA03-005 – Cameron Hills Extension Project, 2003⁴

For the associated Land Use Permit MV2022X0018, the Board determined that there were proposed new activities and/or areas which were not previously screened and subsequently screened them on December 21, 2022.⁵

Strategic has not proposed changes to the Project. Accordingly, the Board has determined that the Project is exempt from preliminary screening under Part 1, Schedule 1, section 2 of the Exemption List Regulations to the MVRMA. Consequently, no further preliminary screening was conducted.
