Dear Mark Cliffe-Phillips,

**Re: Parsons Inc. – Notice of Preliminary Screening Determination – Renewal Application for Land Use Permit – Subsurface Drilling – Fort Simpson, NT**

The Mackenzie Valley Land and Water Board (Board) met on August 21, 2025, and considered the Application Package from Parsons Inc. for Land Use Permit (Permit) MV2025X0009 for the subsurface drilling program (Project) in accordance with the *Mackenzie Valley Resource Management Act* (MVRMA).

The Board completed a preliminary screening of the Project on August 8, 2022,<sup>1</sup> and Parsons has not proposed changes to the Project. Accordingly, the Board has determined that the Project is exempt from preliminary screening under Part 1, Schedule 1, section 2 of the Exemption List Regulations to the MVRMA. Consequently, no further preliminary screening was conducted.
