Dear Mark Cliffe-Phillips,

Re: Canadian Zinc Corporation – Notice of Preliminary Screening Determination – Renewal Applications for Land Use Permit – Prairie Creek All Season Road – Prairie Creek Mine to Liard Highway, NT

The Mackenzie Valley Land and Water Board (Board) met on November 12, 2026 and considered the Application Package from Canadian Zinc Corporation (CZN) for Land Use Permit (Permit) MV2026F0014 for the All-Season Road Project in accordance with the *Mackenzie Valley Resource Management Act* (MVRMA). CZN also submitted an application package for land use permit PC2026F0014 to Parks Canada for the Project.

The Board and Parks Canada completed preliminary screenings of the Project on September 28, 2023, August 25, 2022, and August 8, 2019[1] and the application packages did not include changes to the Project. Accordingly, the Board and Parks Canada have determined that the Project is exempt from preliminary screening under Part 1, Schedule 1, section 2 and Schedule 2, section 9, respectively, of the Exemption List Regulations to the MVRMA. Consequently, no further preliminary screening was conducted.
