Dear Mark Cliffe-Phillips,

Re: Tailings Impoundment Area – Notice of Preliminary Screening Determination – Renewal Applications for Land Use Permit – Miscellaneous – Pine Point, NT

The Mackenzie Valley Land and Water Board (Board) met on April 30, 2026, and considered the Application Package from Teck Metals Ltd. (Teck) for Land Use Permit (Permit) MV2026X0007 for the Tailings Impoundment Area of the former pine point mine site (Project) in accordance with the *Mackenzie Valley Resource Management Act* (MVRMA).

The Board completed a preliminary screening of the Project on September 17, 2020,¹ and Teck has not proposed changes to the Project. Accordingly, the Board has determined that the Project is exempt from preliminary screening under Part 1, Schedule 1, section 2 of the Exemption List Regulations to the MVRMA. Consequently, no further preliminary screening was conducted.

Please contact Kathy Racher via [email](#) or at (867) 766-7457 with any questions or concerns regarding this letter.

Yours sincerely,
