Re: Commencement of Preliminary Screening of Environment and Climate Change Canada's application for a Restricted Activity Permit to conduct fire smarting, maintenance, and operations of Water Survey Gauges in Nahanni National Park Reserve

To: Distribution List (including Review Board)

In accordance with the *Mackenzie Valley Resource Management Act*, Parks Canada will be conducting a preliminary screening of Environment and Climate Change Canada's application for a Restricted Activity Permit to conduct fire smarting, maintenance, and operations of Water Survey gauges in Nahanni National Park Reserve. A preliminary screening is required because section 124(2) of the Mackenzie Valley Resource Management Act requires developments being proposed by federal agencies to be reviewed through a preliminary screening. Attached is a description of the proposal. If you have any comments on this proposal, please submit them to Kaitlyn Bélanger (kaitlyn.belanger@pc.gc.ca), A/ Resource Conservation Manager, Nahanni National Park Reserve, by August 29, 2025.

Thank you.

Sincerely,

Kaitlyn Bélanger
